

CSC Training Calendar

August - December 2024

The CSC training schedule contains courses on **supercomputing, programming, data analysis, using scientific applications and other necessary skills on scientific computing and ICT technologies.**

CSC training calendar dates and courses are subject to changes, so please check the updates at www.csc.fi/training & subscribe to our newsletter.

Published or/and planned CSC Training Events: Autumn/Winter

2024

Time	Training	Mode	Price
Autumn	Geocomputing	Hybrid	Standard
21.-22.8.	Fundamentals of Machine Learning	Onsite (Hybrid)	Standard
September/October	Advanced OpenMP	Onsite	Standard
10.9.2024	Käytännön aineistohallintaa pitkittäistutkimuksessa	Online	Free
13.8., 20.8., 27.8., 3.9.	CodeRefinery Train the Trainer	Online	Free
10.-12.9. & 17.-19.9.	CodeRefinery Workshop	Onsite	Free
25.9.2024	Webinar: Miten valita palvelu datan jakamiseen ja julkaisuun?	Online	Standard
26.-27.9.2024	High Performance R	Onsite	Standard

Standard Pricing:

- 60€ + VAT per day for academics from Finnish universities (or similar) and research institutions
- 280€ + VAT per day for others, this includes participants from foreign universities.
