

**Usage volumes of CSC's computing and data management services  
in higher education institutions and research institutes in 2020**

	Universities	Universities of applied sciences	Research institutes
Number of users	3 633 (0 %)	449 (+80 %)	422 (+12 %)
Number of projects using computing units *	1 541 (+32 %)	311 (+253 %)	246 (+56 %)
Number of IDA projects	267 (+20 %)	15 (+114 %)	16 (+60 %)

Change from 2019 shown in parentheses.

\* Puhti, Mahti, Allas, Taito, cPouta, ePouta, Rahti

Note: Finnish organizations are shown. Users with an open ID on the CSC Customer Portal are included in the number of users. Projects using computing units include those which have used computing units. Projects open in IDA are included under IDA projects. The same project can have both services using computing units and an IDA service.
